

The background of the title section is a photograph of a modern building at night, with lights reflecting on the glass facade. A yellow circle is on the left, and a red cross-like shape is on the right.

Supply Chain and Logistics Competency Requirements: *a Market Demand Analysis*

Presented by the SCLAA and RMIT School of Business IT & Logistics

When: Tuesday, 24 July 2018

Where: 80.11.010, 445 Swanston Street
Melbourne

Cost: No Charge

Registrations and refreshments from 6pm,
seminar commences at 6.30pm

What kind of people does the Australian and New Zealand logistics industry require? What is a competent supply chain manager or an operator as considered by the industry? Which skills and abilities do firms look for while recruiting people? These questions and more will be addressed at this seminar based on the analysis of the current market demand.

Presentations from:

Professor Shams Rahman

Dr. Kamrul Ahsan

Professor Caroline Chan
