Car Parking

Car Parking: Entry (whether you are driving or not) is on Petrie Terrace. It is the second entrance on the right after the Coles Complex and it has a gate on it. On the left hand side of the entrance there is a site office, which all attendees must report to. The guard will tick off the names and they will direct everyone where to go to from there. If people are driving in, there is plenty of parking, you need to drive through the gates and parking is on the right. After you park you must go back to the site office and have your name ticked off etc.
